> Solomon - Hope you are well and preparing for the holidays. We are preparing for the ACC/USC Student Housing Project before PLUM on the 15th. We don't want to bring a ton of witnesses in support. We want to be respectful of the committees time. Do you know if you will have a packed agenda that day? We will probably limit our folks to a general cross section of supporters. Martha wanted me to check in with you on this. Let me know when you can.
